

## 2000kg Scissor Lift Table

### OVERVIEW

Optimum's comprehensive range of durable 2 tonne heavy duty scissor lift tables have multiple uses from pallet and product elevating to dock levellers and goods hoist. Commonly used in the food processing and distribution industry to elevate pallets and stillage's to avoid the need to bend or twist often associated with unloading or loading of products. Available with many different lift heights, platform sizes and table top modifications - there is a unit for every application.

### FEATURES

#### Suitable for loads up to 2000kg

- ✓ Industrial quality Italian 'BUCHER' 3 phase hydraulic power pack
- ✓ Heavy duty scissor frame with self lubricating bushes on pivot points and safety descent bar on upper platform
- ✓ Heavy duty cylinders with drainage systems and check valve to stop the lift table lowering in case of the hose bursting
- ✓ Removeable lifting eye to facilitate handling and lift table installation including safety clearance to prevent trapping
