

## Custom Pal-Air Table®

### OVERVIEW

Optimums custom pneumatic lift tables are a quality Australian made scissor lift unit designed to your requirement. Often used to eliminate bending when loading or unloading palletized goods, these durable pieces of equipment keep the working area at the required height. The load capacity is adjusted in seconds by inflating or deflating the airbag. There are the options of a round or square top to suit your pallets/products and with a durable hot dip gal finish or an anti-corrosive stainless steel frame work we can customise the table to your application.

### FEATURES

#### Custom Built to your specifications

- ✓ Change load capacity in seconds by inflating or deflating airbag
- ✓ Durable air bag requires little maintenance and no lubrication
- ✓ Tough Australian made product with 2 years warranty
