

SPRING LIFT TABLES

Pallet Elevator® Spring Lift Table - Stainless Steel

OVERVIEW

Pallet Elevators® are designed to eliminate bending when loading or unloading palletized goods. Pallet Elevators® keep the working area at the required height. To avoid reaching and stretching the load can be rotated. The load capacity is adjusted by varying the number of springs and the capacity of spring strength.

FEATURES

Suitable for loads up to 2000kg

- ✓ Lockable heavy duty solid steel rotating turntable 1100 mm dia
- ✓ Change load capacity in seconds by simply changing the springs
- ✓ Quality Stainless Steel Finish
